This High Security, Versatile, Office Disintegrator is designed to destroy **Optical Media such as CDs, DVDs, etc.** as well as **Punch (Key) Tape** in accordance with NSA/CSS guidelines. In addition, the Model 250 is also capable of destroying official use only credit cards, I.D. badges and more. With it's newly designed additional 7/8" x 1/2" feed opening, the **Model 250 is also capable of destroying most standard "thumb" drives.**

Integrated with a 3/32" waste-sizing screen that comes standard with the unit, the Model 250 is mounted to a cabinet that houses a one gallon Waste Collection Vacuum. The system produces a final RANDOM waste particle that has been evaluated by NSA and **meets the requirements of NSA/CSS Specification 04-01, Key (Punched) Tape Destruction Devices and NSA/CSS 04-02, Optical Media Destruction Devices.**

The Model 250 (Cabinet Mounted Version ~ 250C) comes equipped with a 1 Gallon Vacuum Collection System internally configured within the cabinet. In addition, the Model 250 has two additional configurations: A table top unit (Model 250) and a unit integrated in a Deployment Case (Model 250DEP).

All SEM VK Disintegrators come with a **LIFETIME WARRANTY**. SEM warrants the "Disintegrator" against defective parts and workmanship for the life of the unit. Labor and Parts that are damaged due normal usage are not covered. Excluded from warranty coverage are normal wear items and electrical components
