The SEM Model DS-200 Marine combines a conventional Shredder to pre-shred Paper along with our Model 200 Office Disintegrator

This maximum high security, Versatile, Multi-Use office shredder/disintegrator produces a waste particle that’s over 50% smaller than a conventional high security shredder. *The Model DS- 200 Marine Version provides a small footprint (one cabinet with integrated vacuum) for ship-board and/or locations with space constraints.* With the 3/32” waste-sizing screen that comes standard with the unit, the Model 200 disintegrator produces a final RANDOM waste particle that has been **evaluated by NSA and meets the requirements of NSA/CSS 02-02 High Security Disintegrators, NSA/CSS 04-02 Optical Media and 04-01 Punch Tape (with 5/64” Screen).**

In addition, the Model 200 is also capable of destroying official use only credit cards, I.D. badges, audiotapes, floppy discs and more. **Also Ideal for “Thumb Drives”.** With an easy to install optional 5/64” waste sizing screen, the Model 200 also meets DoD level requirements for **Key Tape destruction. Also capable of destroying Cell Phones, Blackberries, PDAs and similar devices.**

All SEM Disintegrators come with a **LIFETIME WARRANTY**. SEM warrants the “Disintegrator” against defective parts and workmanship for the life of the unit. Labor and Parts that are damaged due normal usage are not covered. Excluded from warranty coverage are normal wear items and electrical components
