Exclusive  
ONE GALLON  
Factory Installed  
Auto Oiler

Also Includes  
**Premium Start-up  
Kit**  
Case of Oil and Case  
of Waste Collection

**About the SEM Auto Oiler**

The SEM Model 244/4 uses an **EXCLUSIVE** factory installed Automatic Oiler with a **ONE GALLON** plastic bottle of oil that can be deployed on either side or the back of the machine. The oil bottles are simply and easily switched using a "quick disconnect" that snaps into place. No pouring to fill messy reservoirs.

**About SEM-Pro Feature Group**

**Safety Features:** A comprehensive safety package that ensures optimum safety. Consists of an **SPS** (Safety Protection System), an Electronically Controlled safety flap in the feed opening to prevent fingers and ties from entering the cutting area; **Auto reverse and power cut-off** to avoid paper jams; **Bag full and door ajar** auto shut down.

**Energy Saving GREEN Features:** Integrated **ESM** (Energy Saving Mode) to automatically shut down the system after 30 minutes of non use. Double motor protection against overheating and insulation for **noise reduction**. Cabinets made from **recycled wood** materials.

**User Performance Features:** **ECC** (Electronic Capacity Control), a visual *feed meter and oil indicator* to help prevent overfeeding and to show auto oiling functionality. Automatic Control functions are also displayed on the easy-to-read **EASY SWITCH** panel with illuminated visual indicators.

SEM: **An ISO 14001 Registered Company**  
*Demonstrating our commitment to a GREEN environment!*
