

TOP TEN REASONS
WHY THE **MagEraSURE ME-P3M** is the **DEGAUSSER OF CHOICE**
FOR “HIGH SECURITY” MAGNETIC MEDIA DEGAUSSING!

1. ***Highest Rated NSA Approved Degausser*** in the Market (5000 Oe Hard Drives / 2600 Oe Magnetic Tape). NSA Approved for both Past and Current (LMR) Hard drive Technology, as well as future Hard Drives based on Perpendicular Magnetic recorded (PMR) Technology ~Extends the life of the product well into the future.
2. ***Mobile Design*** – Table top design for easy “user operation” and mobility from location to location. ***Optional variable height lift-table is available for additional mobility from room to room.*** Fits through standard 30” doorway.
3. Built-in manual Hand Crank allows unit to be **operated WITHOUT Power.**
4. Permanent Fixed Rare Earth Magnet Technology – Does not require electro-magnetic methods to degauss...***therefore No Heat*** – allows for ***continuous operation*** with No Duty Cycles. Limited magnet degradation – shelf life over 100 years.
5. Quiet, fast, easy to operate - ***only 10 seconds with Manual Hand Crank.***
No load “pop” at end of cycle. Actual degauss time is one second.
6. Manufactured by Fujitsu – a ***World Wide Industry leader in Hard Drive Technology*** – have extensive insight to the future of magnetic media. ***Unit has been Factory tested and passed at future Hard Drive coercivity levels up to 6300 Oe.***
7. Distributed by ***Security Engineered Machinery*** – a worldwide supplier of Destruction and Degaussing equipment to the Federal Government for over 40 years. ***On GSA Contract # GS-02F-0111P. SIN 75-200; 75-210***
8. World Wide ***Service and Support –Toll free.***
9. ***Annual re-certification process using “High Density Hard Drives” is available.***
5 Yr WARRANTY.
10. ***BEST VALUE in the market !***
