

Hard Disk Drive and Magnetic Media Degaussers

Instantly Wipe All Data from Any Type of Hard Drive, Including Laptop and Notebook Drives

Economically Dispose of Hard Drives with Efficiency Never Before Available

- Able to degauss 5,000 Oe HDD media and 2,600 Oe tape media
- Erases data and servo information
- Supports HDDs up to 3.5 inch (8.89 cm)
- Erasure cycle up to 60 seconds
- More reliable than software based solutions
- Suitable for field operation
- Works with most types of magnetic media

Less powerful degaussers can leave behind bits of information that could be reconstructed. The Mag EraSURE system leaves no data on the drive.
