Classified and High Security Data Destruction

NSA LISTED HIGH SECURITY PAPER SHREDDERS/DISINTEGRATORS

MODEL/ PART NUMBER	DESCRIPTION	NSN NUMBER
MODEL 344 600344 	<ul style="list-style-type: none"> Final particle size: 0.8mm x 2.5mm, 50% smaller than NSA mandate NSA rating: high volume, 12 reams feeding 5 sheets Cross-cut paper shredder with auto oiler Equipped with a feed rate monitor, solid steel cutting heads, auto feed sensor, and safety flap to prevent overfeeding and protect fingers Surpasses DIN 66399 P-7 standards 	115V: 7490-01-664-8153 220V: 7490-01-694-6960
MODEL 1201CC 6001201CC 	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: high volume, 18 reams feeding 6 sheets The only high security paper shredder to be NSA listed and evaluated for use without oil Includes particle mixer for added security and to avoid bag overflow Dual frequency motor and user-friendly interchangeable cutting heads with a 20-minute replacement time 	115V: 7490-01-664-9499 220V: 7490-01-694-7764
MODEL 244/4 600244W/4	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: high volume, 17 reams feeding 8 sheets Mid-sized paper shredder with automatic oiler 	115V: 7490-01-504-5605 220V: 7490-01-694-6017
MODEL 266/4 600266W/4	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: high volume, 28 reams feeding 10 sheets Full-sized, cross-cut paper shredder with automatic oiler 	115V: 7490-01-395-3263 220V: 7490-01-681-3681
MODEL 1324C/3WO 6001324C/3WO	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: medium volume, 5 reams feeding 3 sheets Mid-sized paper shredder with automatic oiler 	115V: 7490-01-509-1321 220V: 7490-01-694-6505
MODEL 226CC/3WO 625226CC/3WO	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: high volume, 15 reams feeding 6 sheets Mid-sized paper shredder with automatic oiler 	7490-01-481-0399
MODEL 5140C/4 6005140C/4	<ul style="list-style-type: none"> Final particle size: 0.8mm x 5mm NSA rating: high volume, 24 reams feeding 10 sheets Wide feed chute paper shredder with automatic oiler Only recommended for significant quantities of wide format materials 	115V: 7490-01-461-6119 220V: 7490-01-694-6959
MODEL 200 100M200SA	<ul style="list-style-type: none"> Turnkey disintegrator for paper, CDs, and key tape Final particle size: 2mm - 9mm, screen dependent Destroys a variety of media 	7490-01-461-6124
MODEL DS-200 103DS200650110	<ul style="list-style-type: none"> Dual stage turnkey disintegrator with pre-shredder Final particle size: 2mm - 9mm, screen dependent Destroys a variety of media and EPL listed for paper, CDs, and key tape 	7490-01-504-5606
MODEL 1012/5 1012/5-VK-460	<ul style="list-style-type: none"> Low volume disintegrator value kit (VK), dual waste bag system Final particle size: 2mm - 25mm, screen dependent NSA rating: up to 500 lbs./hr.; up to 1,000 lbs./hr. 	7490-01-700-7930
MODEL 1012/5 1012/5-VKE-460 	<ul style="list-style-type: none"> Low volume disintegrator value kit with sound enclosure (VKE) Final particle size: 2mm - 25mm, screen dependent Up to 500 lbs./hr.; up to 1,000 lbs./hr. for paper, optical, and e-media Includes proprietary XL knives that provide 25% more wear than traditional knives, customized sound enclosure to mitigate sound and dust, and a dual bag waste evacuation and collection system 	7490-01-700-7931

NSA LISTED HIGH SECURITY PAPER SHREDDERS/DISINTEGRATORS

MODEL/ PART NUMBER	DESCRIPTION	NSN NUMBER
MODEL 23/5 23/5-VK	<ul style="list-style-type: none"> High volume disintegrator value kit (VK) Final particle size: 2mm - 25mm, screen dependent NSA rating: up to 900 lbs./hr.; up to 1,800 lbs./hr. 	7490-01-700-6544
MODEL 23/5 23/5-VKE	<ul style="list-style-type: none"> High volume disintegrator value kit with sound enclosure (VKE) Final particle size: 2mm - 25mm, screen dependent NSA rating: up to 900 lbs./hr.; up to 1,800 lbs./hr. 	7490-01-700-6545
NSA APPROVED HDD/SSD DESTROYERS		
EMP1000-HS 600EMP100-HS 	<ul style="list-style-type: none"> #1 selling NSA listed magnetic media degausser Up to 570 drives/hr. with 25-second max cycle time Delivers 2.0 Tesla to scramble HDD's binary code, rendering inoperable Includes user-friendly touch screen operation and built-in pass/fail verification Part of the SEM Degauss, Destroy, and Document bundle for an all-in-one destruction solution 	7490-01-700-2954
MODEL 0101 600HDDDEST 	<ul style="list-style-type: none"> #1 selling NSA listed hard drive crusher Up to 204 server drives, 450 3.5 in. drives, 2,250 2.5 in. drives/hr. Delivers 12,000 lbs. of force and accepts drives with rails and caddies Easy-to-use two-button operation Part of the SEM Degauss, Destroy, and Document bundle for an all-in-one destruction solution 	115V: 7490-01-694-8148 220V: 7490-01-694-8151
MODEL 0315* HD-0315-150 	<ul style="list-style-type: none"> Shredder specifically designed for the destruction of hard drives Final particle size: 1.5 in. x random length Up to 90 enterprise drives or 350 consumer drives/hr. Noted on NSA/CSS EPL and appropriate for unclassified/CUI SSDs Capable of destroying HDDs, magnetic tape, thumb drives, optical media, and flash devices 	1P: 7490-01-695-2555 3P: 7490-01-695-2556
MODEL 0315* HD-0315-1.5/ 375-120	<ul style="list-style-type: none"> HDD and SSD combo shredder, single and 3-phase available Final particle size: 1.5 in. for HDDs, 0.375 in. for SSDs Up to 90 enterprise HDDs and 120 enterprise SSDs; 350 consumer HDDs or SSDs/hr. Dual feed chutes for both HDDs and SSDs 	120V: 7490-01-695-1076 220V: 7490-01-695-2552 208V: 7490-01-695-2551 460V: 7490-01-695-2553
MODEL 0315* HD-0315-1.5/ 375-120-VK	<ul style="list-style-type: none"> HDD and SSD combo shredder value kit Final particle size: 1.5 in. x random HDDs, 0.375 in. x random SSDs Up to 90 enterprise HDDs and 120 enterprise SSDs; 350 consumer HDDs or SSD/hr. Dual feed chutes for both HDDs and SSDs VK includes: weight scale auto shut-down, key lock E-stop, HEPA filtration 	7490-01-695-1072
MODEL 0305* HD-0305-150/ SSD-375	<ul style="list-style-type: none"> HDD and SSD combo shredder Final particle size: 1.5 in. x random HDDs, 0.375 in. x random SSDs Up to 800 enterprise HDDs and 1,200 enterprise SSDs; 3,000 consumer HDDs or SSDs/hr. Dual feed chutes for both HDDs and SSDs 	7490-01-695-1075
MODEL SSD2-HS SSD2-HS 	<ul style="list-style-type: none"> Specifically designed to destroy solid state drives and devices, including their rails and caddies Final particle size: 2mm² Up to 500 enterprise SSDs/hr. (without casings) and up to 60 consumer SSDs/hr. (with casings) Equipped with advanced dual stage auto clean HEPA filtration and custom steel insulated sound enclosure for maximum sound control 	208V: 7490-01-710-9498 460V: 7490-01-711-0063

* All HDD shredders are noted for classified destruction on the NSA Evaluated Product List after degaussing and are not individually tested/listed.
